Dear Sir/Madam

**RE: Application for a post as a Mechatronics Engineering at your organization**

I am excited to be applying for the Mechatronics Engineering position at your organization and have recently acquired an upper second-class degree in Mechatronics Engineering from Chinhoyi University of Technology, Zimbabwe with a belief that my skills and experience would be a valuable addition to your team.

I have experience working on a variety of projects, including designing and building prototypes, conducting tests and evaluations, and creating documentation. A proficient young engineer in Solid works and have experience using other software such as AutoCAD and MATLAB only to list a few who is also familiar with manufacturing processes and have experience working in a production environment, operation of a CNC lathe machine and 3D printer.

Most importantly, I am passionate about mechatronics, robotics and things that have to do with electronics and automation. I am excited about the opportunity to work on cutting-edge projects and to help shape the future of the organization. I am confident that my skills and experience will make a valuable addition as a member of your team.

Thank you for your time and consideration. I look forward to hearing from you soon.

Yours Sincerely

Nyakudanga Raymond Ronald.
